AFTER STRIKE BREAKERS.

Officials of Windham Silk Co. Try to

commissee from the local union visited | Greeneville, Norwich and New London | Saturday and rendered their report to the strikers Menday morning. It was found by the committee that Superintendent Lyran A. Nichols of the Windham Siz company and Joseph Ferris Ichmen's employed by the company but who is no longer affiliated with the union, had been to all three places in quest of help. The report rendered showed that one of the strikers was in the home of a Syrian family when Supt. Nichols and Mr. Forris called at the house, Syrians residing in Greeneville, Norwich and New London said that they had been guaranteed \$18 per week for the first three months and afterwards an aversign of from \$15 to \$18 per week if they would come here to break the strike and the union. When the men approached said that they might be injured by the strikers, they were guaranteed if any trouble arose the mill officials would take them to the

mill, lodge and feed them and also furnish police protection.

Willimantic weavers who visited these places induced many people not to come here but others said that they

The strike committee reported that they were informed to the control of the charge of the control of the charge of the control of the charge of the c

AFTER STRIKE BREAKERS.

Officials of Windham Silk Co. Try to Secure Syrians and Greeks in Norwich and New London—President John Golden Issues Signed Statement.

Monday morning marked the beginning of the tenth week of the Windham Silk company strike and everything tends to indicate its being the most important week during the strike of the union president important week during the strike breakers to Willimantic.

An official of the union reported that last Friday the officials of the union had been informed by a foreman in the company's employ that the silk company officials wanted to see them to date. At noon John Golden, president Nichols had offered a Syrian \$150 if he would bring fifteen Syrians here to work as weavers. Still another Syrian living in New London. a professional strike breaker, said he had seven Syrians from New London and six from New London. A professional strike breaker, said he had seven Syrians from New London and six from New London. A professional strike breaker, said he had seven Syrians from New London and six from New London. A professional strike breaker, said he had seven Syrians from New London. A professional strike breaker, said he had seven Syrians from New London. A professional strike breaker, said he had seven Syrians from New London. A professional strike breaker, said he had seven Syrians from New London. A professional strike breaker, said he had seven Syrians from New London. A professional strike breaker, said he had seven Syrians from New London. A professional strike breaker, said he had seven Syrians from New London. A professional strike breaker said if the union would give him \$50 he would not bring the strike breaker said if the union head seven Syrians from New London. A professional strike breaker said head seven Syrians from New London. A professional strike breaker said head seven Syrians from New London. A professional strike breaker said head seven Syrians from New London. A professional strike breaker said head seven Syrians from New London. A professional

thing tends to indicate its being the most important week during the strike to date. At noon John Golden, president of the United Textile Workers of America, arrived. Mr. Resgan, of the same body, is here and will assist President Golden in directing the strikers in the line of action being mapped out.

The strikers have been on the watch to see what the officials of the company to take the places of the strikers. A committee from the local union visited work. They were stationed all around the mill and at the different street corners in that locality. No strike breakers showed up, however, and the striking weavers went to their hall for their regular daily meeting.

It is now proposed to plan picket duty for the strikers.

President Golden conferred with the strikers Monday afternoon and the question was thoroughly discussed.

The weavers maintain that they are ware described that over 10 febr. more determined than ever to fight the strike to a finish and advance the argument that if the company can af-ford to guarantee the strike breakers \$18 per week for the first three month and then a wage averaging from \$15 to \$18 per week thereafter, it surely can well afford to pay what the strikers themselves are demanding and holding out for, Monday the officials of the Silk com-

pany said that they had no statement to issue as it had been their policy to make none whatever since the in ception of the strike and that they did not care to digress from that policy. Relative to the report of the strike committee, President John Golden is-Relative to the report of the strike committee, President John Golden issued the following signed statement for publication: "We have it upon excellent authority that one of the head officials of the Windham Silk company was in Norwich and New London last week, in company with two Syrians from this place, whom we refuse to allow to remain in our union efuse to allow to remain in our unior on account of their anarchistic ten-dencies. This trio scoured the Syrian and Greek quarters in both New Lon-don and Norwich and we can supply proof that this same official presented ntracts to several weavers guaranteeing them \$18 per week for three months, and a further guarantee of an average wage of from \$15 to \$18 per week at the end of that time. This seems a very strange proceeding, when their old and faithful employes, which would not total anything near wha they are willing to pay to others, the caliber and character of whom the; have not the eightest knowledge, running the danger of bringing the sam revolutionary element as the city had a taste of a short time ago. It seems to me the time has arrived for the stockholders to take a hand, and end this unfortunate conflict which is not

conducive to the best interests of the (Signed) JOHN GOLDEN, "General President Textile

Workers of America."

Sells Out Business. William J. Miller, who for the past six years has conducted a store at the orner of Main and Railroad streets, has sold his business to Herbert Rent ley of Eagleville. Mr. Miller has some thing else in view. He has had ver-good success in his business venture.

OBITUARY.

Sadie Ann, the twelve year old daughter of Mr. and Mrs. John Stimpson of 189 Brooks street, Hartford, formerly of this city, died Saturday morning at the home of her parents. She had been ill with diphtheria. The funeral was held at 3 o'clock in the afternoon and was private. Burial was in the Old North cemetery. The deceased leaves, besides her parents,

City's Weekly Disbursements. The city payroll for the week end-ing July 6 was apportioned as follows: Water department (regular) \$86.08; police department, \$159.18; street de-partment, \$395.58; maintaining sewers, 10; sidewalk construction, \$29; water department (special), \$108.75,
